EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Patrick Muffo on 9/8/09. It was agreed to cancel claims **24** and **27** by this Examiner's amendment.

REASONS FOR ALLOWANCE

1. Claims 1-7, 9-11, 14-23, 25-26, 28-31 are allowed.

The following is the Examiner's statement of reasons for allowance.

The prior art of record specifically Kishimoto (JP-A- 11-240226) fails to suggest or disclose the collective features of the invention such as: "an index unit that determines a group name for the separation based on a printing condition and a criterion, and determining the index image representing the group name to be printed on the record medium together with the image by the image print unit; and a changing unit that changes the criterion based on a command inputted to the print controller" These features along with the rest of the claims limitations would render the claims allowable.
